

Document: ISO/TC 104/SC 2  
N 263 Corrected

Our ref: ISO/TC 104/SC 2

Date: 23 January 2004

**Secretariat of ISO/TC 104/SC 2  
Specific purpose containers**

Dear Member

**ISO/TC 104/SC 2 WEBSITE**

As you are aware, the ISO Livelink website for ISO/TC 104/SC 2 is now operational. Until now documents have been circulated by paper, as well as emailed to those members who have provided an email address. As the website is now operational, I intend to cease distribution of documents by post and email from **31 March 2004**.

When new documents are added to the ISO/TC 104/SC 2 Livelink website, I shall send a notification email to the members of ISO/TC 104/SC 2 who have been added to the membership on Livelink. The notification email will include

- committee reference
- document number (N...)
- brief statement of subject,
- location of document(s) (folder) and
- URL for the document, or for multiple documents to the folder

All P and O Members should already have full member access to the ISO/TC 104/SC 2 website. Any P and O members unable to access the website are requested to submit the name and e-mail address of the individual(s) in their organization responsible for ISO/TC 104/SC 2 to the Secretary for registration

Yours sincerely

DR M J LEGGETT  
For the UK Secretariat of ISO/TC 104/SC 2
