

Nomination of new chairman for ISO/TC104/SC4

With the beginning of the year 2007, Dr. Christoph Seidelmann resigned as chairman of TC104/SC4. He informed the secretariat that he will be unable to attend the next meeting of SC4 in Korea in May 2007. Therefore, the appointment of a new SC4 chairman will be on the agenda of the up-coming meeting.

The German delegation and the SC4 secretariat wish to nominate

Frank Nachbar

as the new chairman of the Subcommittee.

Mr. Frank Nachbar a graduated engineer was born 11/7/1961. After he was sailing several years as vessel engineer he joined Hapag Lloyd in 1990.

Starting his career on shore in 1994 he joined the container engineering department. In his current position his main function includes:

- Container design
- Container repair
- Standardization
- Point of entry for container issues

Mr. Frank Nachbar is working in different working groups within TC 104. Since 2002 he is as appointed expert involved in the standardization process of the E-Seal as well as the container tag.

We hope that the nomination of Mr. Frank Nachbar will receive the full support of both, SC4 and TC104 members. However, should members of SC4 have any questions or objections, would you please notify me **before 20 April 2007**.

Thank you.

Walter Sicks
Secretary ISO/TC104/SC4

Frankfurt/M, 25 January 2007
